

ISTANBUL KÜLTÜR UNIVERSITY

Istanbul Kultur University is a private university providing a public service, established in 1997 by the Kultur Educational Foundation as the ultimate accomplishment of a deep-rooted 70-year tradition. IKU is an urban university acknowledged by YÖK (The Council of Higher Education in Turkey) and supported financially by the state of the Turkish Republic. IKU aims to maintain international academic relations of high standards, and is based on the tradition of resounding academic success and quality.

Campus

Istanbul Kultur University operates on three campuses: Ataköy, Şirinevler, and İncirli.

The offices, classrooms and laboratories in the buildings of Şirinevler Campus, which is an urban university in style, are built and furnished attentively. In addition to the Şirinevler Campus, the new Ataköy Campus covers an area of 65,000m² in total (40,000m² indoor, 25,000m² outdoor) and was put into service in the academic year 2004-2005. Besides the halls for scientific, social and cultural activities, there is a sports complex on the campus, too. Since the academic year 2009-2010 a new campus of 6,000m² has been introduced for students of the Vocational Schools.

Close to international Istanbul Atatürk Airport, the campuses of Istanbul Kultur University are within a 5-minute walking distance of bus and light rail stops, and it is possible to reach all the districts of Istanbul easily.

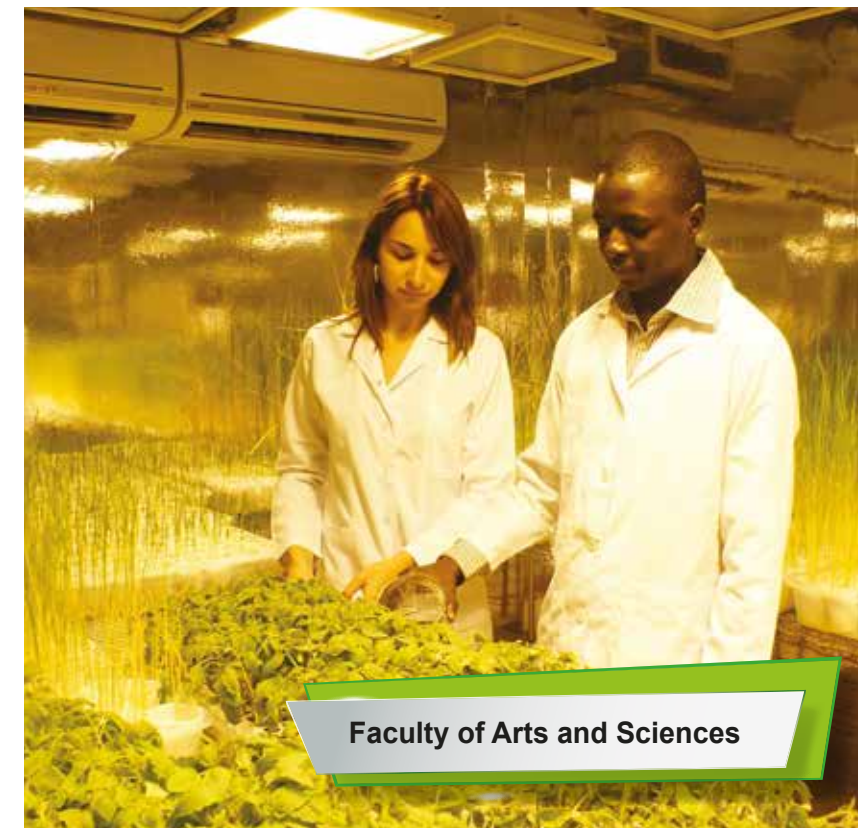

Campus

Libraries and Computing Services

The University's computer laboratories are equipped with the highest technology and they hold internationally recognized certificates. Each faculty houses its own computer laboratory, providing all students with computer access. Wireless internet access is available throughout all campuses. There are two libraries, one at the Ataköy Campus, the other at the Şirinevler Campus. IKU's membership in a variety of academic publishing and research systems such as JSTOR, EBSCO, Springer and Science Direct, enables academic staff and students to access academic research databases and keep up with worldwide academic developments on daily basis.

Opinions of International Students

Mehrad Taha School of Business Administration, Iran

I take pride in being a member of Kültür University. It is a great opportunity for a high quality education system, well-educated academic team, and friendly staff that make you feel secure and comfortable. One of the most significant aspects of Kültür University is that, during your academic life, from the first day till the last day, you can easily keep pace with the society and achieve your goals. It doesn't matter which country you come from or which ethnic group you are part of, this is your university in your subject area, so join me and other international students to create a universal student family together. I take much pleasure in introducing and representing this university as an Iranian student.

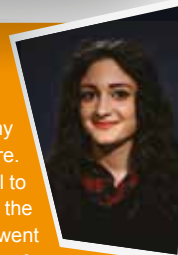

Aigerim Satybaldina Faculty of Arts and Sciences, Kazakhstan

As a student at Istanbul Kültür University, at department of English Language and Literature and member of the IKU Polyphonic Choir, it is apparent that the opportunities at Istanbul Kültür University are limitless. I chose to study here because I like Istanbul and the facilities are fantastic. I would like to improve my English skills and communication while I study at IKU. Additionally, I chose to study here because Turkish people are very welcoming and hospitable. They are friendly people. While I live here, I am looking forward to making new friends, new experiences and passing my exams.

Tahani Obeid Faculty of Engineering, Jordan

I have visited many countries before, but Istanbul was my favorite of them all and I have always wanted to study here. I finished my high school and I took my Decision to travel to Turkey. I had some problems during my search for the university that suits me, even I gave up searching and went back to my country until I found IKU, and it's the best place for foreign students who are looking for friendly community. I also was worried about my studies until I started attending my lectures this semester and I met many professional professors, they are also so much friendly.

Alikhan Khizriev Faculty of Engineering, Russia

I joined Istanbul Kültür University in 2014. I liked this University very much, especially teachers – they teach very well. I am happy to be a part of this university as the atmosphere in here is wonderful. Especially, I would like to thank International Students Unit.

Abdikadir Mohamed Musse Faculty of Economics and Administrative Sciences, Kenya

I am an International Student from Kenya. I have heard many good qualities about IKU before I joined it. The environment at university is great; the interaction between foreign students as well as local students is flawless. The teaching staff is great and provide maximum of knowledge. In same time, the library has good facilities, and I am very happy that I joined the university over all.

Abu Owais Ahmed Faculty of Engineering, Pakistan

I am Abu Owais Ahmed from Pakistan and currently, I am taking an undergraduate degree in Civil Engineering at Istanbul Kültür University to accomplish my aspiration of becoming a civil engineer. I find this university perfect for me as it provides an environment which is professional as well as sociable. Moreover, students and advisors are very friendly and always willing to help.

Living and studying in Istanbul is a great experience. The city is beautiful and has a lot of breathtaking places to visit and to have fun. The university is very near to many outlets, display centers, and even the airport. Briefly, I would like to say that I am very glad to be a student at the Istanbul Kültür University as I have learnt a lot from this experience and the opportunities provided to me over here.

Amil Guliyev Faculty of Arts and Sciences, Azerbaijan

The reason why I wanted to study in Turkey is that my country and Turkey have the same origin which causes me to think of easiness of studying here. Also, since Istanbul Kültür University is an international university and provides many cultural experiences, these factors influenced my decision. It offers a great number of splendid places to visit, opportunities, and cultural differences. It is worth bearing in mind that most of our teachers are eligible, eminent in their own branches, caring about our problems, trying to answer whatever we ask, making us equipped individuals during the school year. Moreover, what I really liked so much is that university located in a pretty good position, available for metro bus, proximity to metro and city Centre. In one word, I am very happy to study at this university and I hope that I graduate with a good Degree.
